A great momentum for Private Debt

Thibault de Saint Priest – CEO

With more than 20 years of experience and 40+ professionals, Sienna Private Credit is a pure player from senior to unitranche and junior debt throughout Europe. We developed overtime a strong expertise in secured debt and a specific know-how in monitoring closely recovery situations.

Direct loans are more tailor-made to fit the borrower, they tend to carry a spread over than corresponding

bonds. Interest rates on direct lending are also generally floating, protecting investors should interest rates rise. Real assets collaterals also offer a natural hedge against inflation.

We focus on one mission: financing European mid market actors to help them grow in a sustainable way.

Sienna Private Credit is part of Sienna Group in charge of its ambitious private debt arm.

Sienna Group is 100% controlled by Groupe Bruxelles Lambert, the leading Belgian listed company.

Sienna Group is a Multi-Expertise Asset Manager dedicated to long term and real assets investments. It offers several investment strategies with the objective of providing a full range of solutions with a strong ESG dimension.

Sustainability and Impact driven

Sienna aims at being as impactful as possible and at getting this impact through its bilateral relations with the companies financed or invested in. This approach builds on exchanges of information, direct engagement as well as sustainability linked loans that represented 52% of loans extended in 2022**.

Environmental issues are tackled through 4 SFDR 9 Funds: 2 «E» and 2 «S». They are fully coherent with our institutional sponsors commitment.

Our shareholder GBL has taken a clear climate commitment with a 1,5°C trajectory validated by SBTi which is being translated into a parallel Sienna Private Credit commitment.

As Sienna shares strong ties with Malakoff Humanis, the group social approach focuses on diversity, equity & inclusion.
